

About University Medical Pharmaceuticals

Established in 1992, University Medical Pharmaceuticals' corporate goal is to provide the mass market consumer with quality, affordable products that really work. The entire University Medical Pharmaceuticals product line is clinically tested in order to offer consumers an effective alternative to products offered on television or in high-end stores. The current University Medical Pharmaceuticals product line includes:

- Wrinkle Free Eyes Starter Kit
- Wrinkle Free Kit
- Hydreight Moisturizer
- AcneFree Kit - Clinical studies performed on AcneFree have just proven that AcneFree is significantly better than PROACTIV® in reducing acne, and at half the price
- Sensitive Acne Kit
- Severe Acne Kit
- Terminator Original

University Medical Pharmaceuticals products are available online at www.universitymedical.com as well as at popular and easy to find retailers throughout the country, including:

- Albertsons
- Bartell Drugs
- BJ's
- Costco
- CVS
- Discount Drug Mart
